Year 4's Trip to Newhaven Fort

Newhaven Fort is a building near the beach. A long time ago soldiers used Newhaven Fort as a defence in World War II which is the subject we are learning about. Year 4 dressed up like Evacuees. Girls wore long socks, a dress and their hair in plaits. Boys wore long socks, a shirt and a waist coat. We went in the school room and talked about gas masks, A.R.P. wardens and sirens. Ed, the man in charge, had a small siren which he played to us. It was very loud. When that was all over the class and Ed went to an Air Raid Shelter and experienced what it was like. Next we went in groups of four and did a work-sheet. When your group had finished you got 10 minutes to look around yourself. Then it was lunch and afterwards we had a small play and then went down 70 steps to a tunnel that leads onto a beach that is now blocked off. There were a few holes in the wall where soldiers would point their guns out of. On one part of the tunnel it went very narrow and dark. We came out of the tunnel and looked at the guns on the hill. Finally we went to the café and the gift shop. We all had a great time and really enjoyed the trip.

Parents' Evenings

Tuesday 15th June 2010

Thursday 17th June 2010

Cricket Club has been cancelled on the 29th June due to pupils taking part in the Area Sports Day. We apologise for any inconvenience this may cause.

Year 3 visit Brighton Museum

We were driven to the museum by Mr Crossland and when we got there we met a man who showed us into a room. In the room he told us some facts then we got changed into the outfits. After that we looked around the museum it was amazing there were lots of facts. Mr Crossland took photos of us and we had a lovely time - The End.

Year 3 visit Wilderness Wood

On Wednesday 19th May we went on a minibus to Wilderness Wood where we met our guide and he gave us a safety talk. We had our snack and then went to study the trees. We studied sweet chestnuts, oaks, silver birches and mountain ash. We went on a walk with our guide Andrew and we looked at some plants and he told us all about them. After the guided walk we had lunch and then went into the playground which was very nice. Later on we looked at some nature and sketched it. Finally we went into the shop and bought quite a few things each.

Year 3 on a guided tour around Wilderness Wood.

Bentley Motor Museum

On Thursday, 27th May Reception class visited Bentley Motor Museum and saw a variety of old vehicles. This linked with our transport topic. We also walked round the grounds and saw many different birds and their chicks.

German Puppeteer

On Tuesday a German puppeteer came to our school. He performed two stories for us in which Kasper, a popular puppet in Germany, was the main character. The two stories were called 'Kasper and the golden gong' and 'Kasper and the witch'. Our favourite story was Kasper and the golden gong. In the story Kasper's enemy, the pirate stole Kasper's gong. The pirate took the golden gong to Pirate Island and hid it in the sand. Kasper sailed to Pirate Island and searched for the whereabouts of the gong with a fake ghost. Overall we had a great time and really enjoyed it.
